# SUBURBAN RAIL LOOP - OUR HEALTH AND SAFETY APPROACH + PEOPLE, CULTURE & COMMUNICATION

## Speakers

**Thomas Fulham** is the Deputy Director Health and Safety Delivery at Suburban Rail Loop Authority and is responsible for leading the health and safety delivery approach throughout design, procurement and construction of this city shaping multi decade program of work.

Thomas has over a decade of experience in civil, commercial and infrastructure major works programs across contractor, client-side public private partnerships (PPP) and now for the state of Victoria. Thomas is working under a strategic mandate of unrivalled health and safety performance and is powered by the unique opportunity a program like Suburban Rail Loop presents for the re-defining of health, safety and wellbeing industry baselines, perceived norms, and the ability the state can play in being a genuine driver and connector of lessons learned.

Thomas has a Master of Business Administration, Master of Information Systems, Diplomas of WHS, Diploma of Logistics and is a lead auditor in WHS Systems.

### ABOUT SRL

**James Kolozsi** Currently and proudly working at Western Health surrounded by amazing people with huge hearts.

James has worked with Victoria Police as the OH&S Operations Manager, providing strategic advice to the senior leadership group, and leading a team of OHS Consultants that provide an OHS services across Victoria. The diversity in my role exposes me to warehouse safety, office and workstation safety, aircraft safety operations, safe animal handling operations and emergency management.

In times of critical incidents, emergency and states of disaster, James has been dedicated to providing strategic safety strategies to senior leadership and safety management approaches to specific operational responses such as: 2019/2020 Bushfires, COVID-19 and the recent Eastern Freeway police fatalities.

James is qualified and has worked as an Expedition Leader with World Challenge and qualified as a Field Instructor with the National Outdoor Leadership School (NOLS) based out of Lander, Wyoming, delivering experiential learning in Leadership and Character Development to students and young adults in a wilderness environment across developing countries and in harsh and rugged environments.

James has 19 years' experience with the Army as an intelligence analyst and weapons operator attaining a manager level role prior to discharge.
