

IOHA COLLABORATION AWARD

RECOGNISE SUCCESSFUL IOHA PARTNERSHIPS AND CELEBRATE COLLABORATION

1. BACKGROUND

Collaboration is a cornerstone of the IOHA mission and key to everything IOHA believes in and stands for. IOHA recognizes the need for sharing ideas, communicating its achievements, and celebrating the successes of the international community of occupational hygienists. Behind each successful project is a solid and dependable partnership that seeks to deliver excellence.

The IOHA Collaboration Award celebrates an occupational hygienist or group of hygienists who have chosen to collaborate with other countries or organizations, rewards persons who have achieved outstanding results, and offers models to inspire others. This award raises awareness of collaboration as an effective strategy to improve outcomes, achieve scale, increase efficiency and innovation, and maximize impact.
